About Us

World Design Imports (WDI) is Canada's trusted supplier of high-quality artificial plants and trees, art, wall decor, handmade vases and tabletop arrangements.

Canadian owned and operated, and proudly based out of Calgary, Alberta.

WDI was first founded over 15 years ago and originated as the handmade vase supplier Down the Beaten Path. World Design Imports came to be following a change in both company name and ownership, and began expanding their product line to introduce buyers to high-quality faux plants, trees and arrangements, as well as a variety of home decor pieces that can help any customer add the perfect finishing touches to their space.

Mission Statement

World Design Imports is committed to supplying products that are high quality, design-oriented and actively trending in the furniture and home decor world. WDI works with designers to stay on top of the latest trends as well as ensuring artificial greenery is potted and displayed with realism and quality as the highest priority. WDI's product line is sourced world-wide and features an array of specially handcrafted pieces such as unique

2 handmade vases and beautiful hand-painted art.

Our Products

Faux Plants & Trees

We carry a variety of both indoor and outdoor faux plants and trees. With plants ranging from tabletop size to up to 10 feet tall, your customers will be sure to find the perfect low-maintenance plant to fill their space.

Arrangements & Tabletops

Our colourful selection of arrangements and tabletops feature complimentary combinations of succulents, greenery, grasses and floral.

Handmade Vases

We are delighted to offer an impressive series of handmade decorative vases. Each vase is one-of-a-kind and features unique textures and finishes. Our vases come in a wide variety of shapes and sizes to compliment any space or style.

Art & Wall Decor

We carry hand-painted, mixed media canvases with metallic gold flake finishes, as well as trending wall art and decor. Similar to our vases, our hand-painted art pieces are each unique and come in a variety of sizes.

Pots & Planters

Our pot and planter collections showcase contemporary shapes, patterns and textures. We carry high-end fiberclay, fiberstone, polyresin and plastic planters, perfect for both indoor and outdoor plants.

Aloe Tree & Plant

Bring a touch of natural beauty with our Faux Aloe Trees and Plants. Known for being the easiest to shape and clean, these realistic features showcase sleek, spiky foliage that add a modern, earthy vibe to any space. Perfect for effortless maintenance and a vibrant, low-maintenance accent.

Shipping & Claims

Cancellations or Changes to an Order

Once an order has been released for shipping, it cannot be cancelled or changed. Any changes to an order, including deletions, additions, allocations, and ship-to address, must be made prior to releasing an order for shipping.

Freight Rate

We shop for the best shipping carriers to ensure our clients receive the most cost effective and efficient rates available. Most orders ship regular parcel ground service unless deemed to be non-parcel based upon the order size or shipping characteristics. Additional charges apply for expedited service. All shipments that require special service at the time of delivery (lift gate, inside delivery, etc.) may incur additional charges. World Design Imports will process orders based on FOB Destination. All rates quoted by customer freight charges are FOB Destination. Customers assume responsibility for shipment once it leaves our facility.

Local Pick Up / Customer Booked Shipping

As a benefit to our local customers, pick-ups are available from the Calgary, AB, warehouse (Monday-Friday, 8:00am-4:00pm). To ensure your order is ready upon your arrival, please schedule a date and time with us by emailing sales@worlddesignimports.com or by calling (403) 519-7230. Please note that pick-up orders require the same lead time as standard orders. For any other questions about pick-ups, feel free to contact us directly.

Claims

Damage claims, shortages, overages, incorrect stock or damaged merchandise must be reported to our Customer Service department within 3 days of receiving the shipment. Any visible damage by freight carriers must be noted on the BOL before it is signed for and the carrier leaves. The invoice number and order date are needed to process the claim.

Returns

As a general rule, all sales are final. Returns are only accepted in the case of shipping damage. The recipient is required to inspect all products promptly upon delivery. In the event of any shipping damage, photos of the damaged packaging and products should be emailed to sales@worlddesignimports.com. Keep all boxes and packaging materials in case of required inspection by the carrier.

- Returns must be requested within 3 days of receiving merchandise.
- Prior approval must be obtained from our Customer Service department.
- Return shipping labels must be shipped within 7 days from the date of approval.
- A 15% restocking fee is assessed on all returns unless the merchandise is evaluated as defective or the result of an error by World Design Imports.
- All returned merchandise must be in new condition and free of damage.
- Return shipping is paid by the customer unless the product is defective or the result of an error by World Design Imports. Shipping costs, including return shipping, will be deducted from the order refund.

Due to the handmade nature of our clay and natural wood products, each piece has its own unique characteristics and slight variations in size, shape, and colour. Therefore, these characteristics do not qualify for returns.

Frequently Asked Questions

What sets WDI apart?

At World Design Imports we are committed to quality, realism and design. Our products are design-oriented to reflect the latest trends and we only source the finest products. Our attention to detail simply cannot be beat. Each order placed is put through an incredibly thorough quality check process before leaving our warehouse. We also take pride in our exquisite selection of unique handmade vases and hand-painted art.

How long does it take to receive an order?

At WDI we value fast service and efficiency. The moment your order is placed, our team begins carefully pulling, building and packing your products. Our orders are customarily ready for shipment within 3-7 business days.

What is the shipping process and how are freight costs determined?

Once an order has been placed, we quote your shipment with a variety of carriers to ensure we can secure the best possible rate. Rates and delivery times will vary based on quantity and location, but a freight quote will be sent shortly after an order has been placed and we will not process payment until the shipping costs have been approved by the buyer. Additionally, we offer pick up directly from our distribution center or we can ship through your preferred vendor.

Will my plants and trees arrive shaped?

Our artificial plants and trees arrive secured in packaging and casing. Plants and trees will require shaping once removed from their packaging. We recommend referring to our shaping guide and also finding a reference image from our website or referencing an image of the real version of the plant you are shaping. The depth and detail of shaping required varies from product to product.

Do you sell un-potted trees?

Yes, World Design Imports offers clients the option to purchase unpotted trees. However, we generally do not recommend this option, as unpotted trees tend to be less stable. Potted trees are more popular because their appearance is more attractive and complete, eliminating the need for customers to secure the tree in a pot themselves. These trees are sold in packs, typically containing between 2 - 6 trees per box.

Care Legend

SUN-SAFE

Our Sun-Safe products have been cut from virgin-vinyl. Meaning the vinyl itself is green, and the colour is embedded all the way through. Thus preventing fading or colour changing.

UV

Our UV products have been infused by a formula created in Sweden that helps prevent fading or discolouration to ensure the longest lifespan possible. This protects the vibrancy of your plants.

WIND/WATER-RESISTANT

These products do not absorb water, are resistant to water damage, and will not discolor due to water. They can withstand reasonably windy conditions, with secured leaves and branches. Additionally, we offer extra-heavy packaging options that allow products to be weighted down for protection in more extreme conditions.
